

DIALECTICS - key tool for "progressives"

- KEY WEAPON USED BY ANTI-GOD FORCES
- BASED ON CUNNING & DECEPTION (WOLVES IN SHEEPS CLOTHING)
- A STEALTH PROCESS (FROGS IN THE WATER)
- EMPLOYED BY UN (ESPECIALLY IN AGENDA 21 & AGENDA 2030)
- OFTEN USED BY POLITICIANS AND PROPAGANDISTS
- PAVING STONES FOR THE PATHWAY TO TYRANNY
- A RATCHETING DOWN PROCESS FROM THE EXISTING ORDER

1. Defined (inocuously) as:

- Step 1 - Thesis
- Step 2 - Antithesis
- Step 3 - Synthesis

2. How used to achieve a desired result

- Step 1 - Define a conservative position (for a problem, issue or option)
- Step 2 - Define a more radical position
- Step 3 - Get everyone to agree on a compromise (in the name of being "fair", "loving", "equitable" etc. Often based on "human rights")

A managed approach. Often supported by managed consultation sessions.

For Christians this is deadly. Step 1 should always be the Word of God.

3. How used by tyrants in "false flag" activities to win more power within a nation etc

- Step 1 - Create the problem - leader (potential tyrant) organises damage or destruction to something or somebody within the nation (e.g Hitler organises for his black ops team to burn down Parliament - called the Reichstag)
- Step 2 - control the reaction via propaganda and frame somebody for the crime). Stir up the anger and fear. make sure the media is on your side - control the narrative. (e.g Hitler blamed the communists and has a fall-guy to take the rap etc - false arrest & trial - poor justice process)
- Step 3 - implement your pre-designed outcome and sell it to the people as a great solution and to demonstrate how great you are as a leader - tough, decisive, have the best interests of the people at heart etc. (e.g Hitler - need to abolish parliament and have more power to deal with the "threat" - need to become Fuehrer - absolute leader - dictator. Wasn't Germany fortunate to have such a person as a national saviour!

Think of other false-flags - 9/11, Iraq WMD (there are many more)
